Welcome fellow Artist and Thank you for considering Arts Prescott Cooperative Gallery!

Arts Prescott Gallery operates as a “cooperative” gallery. This means that the members share all the labor and cost necessary to operate the gallery. Membership in the gallery is not only based on sales of work but also on the ability to work well with other members and to make a contribution to the operation of the gallery.

Because we are an artist-owned and operated gallery, we are able to give our members greater control of their work and how it is displayed within the guidelines agreed upon by the membership. We operate the gallery according to a set of policies and procedures, a Mission Statement and Code of Conduct written by the membership. The focus of Arts Prescott Gallery is to help members sell their work and to help them grow as artists.

Here are some benefits we think you will enjoy as a member artist...

- Artistic freedom, as a member of the Co-op you are allowed and encouraged to try new things in your approved medium
- Member Artists work in the gallery which allows the artist the benefit of talking to customers while you work your shifts and observe which of your pieces is getting the most interest and comments.
- Often meeting your customers allows you to establish relationships for future sales. Even if you aren't in the gallery when your art is sold, you are given contact info on large sales so you can contact the customer to thank them and explore future possible sales.
- Savings! Generally, being a member artist will allow the most profit for you. By paying rent and percentage commission on each sale, it is likely you will be able to beat the 40+% charged by most galleries. In high sales months, you can save a lot!
- As a member, you are given a firm amount of space to show your art. Opposed to most galleries which will determine how many pieces, how your art is displayed, what kind of art they will accept and a strong chance they would reject unproven work.
- In a Co-op you are part owner of the business and help make policy decisions to benefit the gallery and the artists.
- The intangible but exceptional value of the comradery and support of fellow artists in a Co-op is invaluable. You have a built in source to bounce new ideas off of and get feedback from your fellow artists. When any individual artist succeeds it benefits all the artists who run the co-op so it is in everyone's best interest to lend a hand when possible.

- Since everyone lends a hand in running the gallery, each artist's individual talents are taken into consideration so you can use your skills to help the gallery succeed. You are not seen as just a dollar sign but rather as a contributing member of the business group.

Now for the rules and regulations part....
